

# large urchin softlight

630mm diameter x 575mm tall ( 25"Ø x 22.5" tall )  
 · dimensions represent urchin in it's standard orientation

colour of LED	weight	product code
warm white LED 2500K	3kg (6.6lbs)	URC-T-WH-LG-VWW
daylight white LED 4200K	3kg (6.6lbs)	URC-T-WH-LG-DW

- comes with LED light source
- 335 lumens (lumen values refer to LED output, note urchin shade will absorb some light)
- 11W power draw
- international 110 - 240 V
- comes with 35W plug-in transformer
- comes with in-line dimmer switch
- comes with 3 meters (10') of co-axial electrical wire

· The flexible honeycomb structure of the urchin shade will transform through a multitude of shapes, opening like a flower as you rotate it through and around its own centre with your hands. By undoing the magnetic end panel and turning the shade inside-out, you will create straight walled cylinders and conical forms. Adjusting the form of urchin also adjusts the intensity and direction of light. The 'front views' and 'sections' shown to the left are examples of some of the possible forms a large urchin softlight can change into.
